

Heating Oil COMPREHENSIVE TUNE-UP

A tune-up will be performed every 800 gallons of usage during regular working hours. Please call to schedule.

- ❖ Replace oil filter cartridge and burner nozzle, if necessary.
- ❖ Replace or clean fuel pump strainer and gasket.
- ❖ Clean and check electrodes and nozzle assembly.
- ❖ Oil all motors on burner, fans and circulators.
- ❖ Safety-check all operating controls.
- ❖ Inspect combustion chamber.
- ❖ Brush and vacuum interior of boiler (or furnace) and smoke pipe, including chimney base, as necessary.
- ❖ Perform combustion efficiency test.

LOYALTY CREDITS

Each year you purchase a plan, you earn \$50 toward the replacement of your home comfort equipment, up to \$700. Here's how much you can save:

boiler	\$500
furnace	\$350
central a/c	\$350
heat pump	\$350
humidifier/air cleaner	\$100

Terms and Conditions (cont'd)

Replacement boiler coverage applies only to hydronic boilers up to 175,000 Btu's; does not include upgrades to meet current codes.

9. Swezey Fuel Co. reserves the right to reject any equipment from coverage should the inspecting service technician find it to be unacceptable.
10. The term of this agreement is one year from the date of acceptance. It will automatically renew at that time unless we are notified of cancellation in writing thirty days prior. The customer may assign this agreement to any future purchaser of the customer's home, provided due notice is given to Swezey Fuel Co. in writing before the transfer of ownership.

SERVICE HOURS

During the life of this agreement, Swezey Fuel Co. will provide dependable, prompt emergency service 24 hours a day, 7 days a week, 365 days a year.

THE FOLLOWING ARE REGARDED AS REQUIRING EMERGENCY SERVICE: NO HEAT, SERIOUS FUEL LEAKS, UNCONTAINABLE WATER LEAKS OR DANGEROUS SITUATIONS. All other service will be performed during normal working hours, Monday through Friday, 7:30 a.m. to 4 p.m.

Note: This updated description of your parts-and-service coverage under your service plan agreement replaces your original document.

Platinum Oil Plan – Plan B

During your plan term, the Platinum Oil Plan includes a regularly scheduled heating system tune-up and priority service. We also repair or replace the following components if they become defective due to normal wear and tear.

CONTROLS

- ❖ aquastat (single, dual or triple)
- ❖ cad cell control
- ❖ circulator control
- ❖ emergency switch
- ❖ pressuretrol control (steam boiler)
- ❖ primary control
- ❖ temperature gauge
- ❖ thermostat (manual)

BURNER REPLACEMENT PARTS

- ❖ burner blast tube
- ❖ burner coupling
- ❖ burner flange gasket
- ❖ burner motor
- ❖ cad cell assembly
- ❖ delayed oil valve
- ❖ electrodes
- ❖ end cone

- ❖ ignition transformer
- ❖ low voltage transformer
- ❖ nozzle

FUEL SUPPLY PARTS

- ❖ exposed oil line
- ❖ firomatic valve
- ❖ fuel filter cartridge
- ❖ fuel filter complete
- ❖ fuel pump
- ❖ fuel pump strainer

HOT WATER HEATING SYSTEMS

- ❖ automatic air vent
- ❖ bearing assembly
- ❖ boiler valves
- ❖ circulator motor
- ❖ expansion tank
- ❖ feed valve
- ❖ flow valve
- ❖ gauge glass

- ❖ heating circulator (complete)
- ❖ purge valve
- ❖ relief valve
- ❖ zone valve (complete)

WARM AIR SYSTEMS

- ❖ blower belt
- ❖ blower motor (up to 1/2 hp, heating use only)
- ❖ fan control
- ❖ limit control

OTHER

- ❖ anti-hum device
- ❖ boiler baffles
- ❖ draft regulator
- ❖ exposed copper heating pipes (within 5 feet of boiler)
- ❖ exposed low voltage wiring
- ❖ smoke pipe (up to 9")
- ❖ tank gauge
- ❖ vent alarm

Boiler Replacement Plan – Plan A

This **Boiler Replacement Coverage** includes a regularly scheduled tune-up, priority service and ALL the parts coverage shown above, **PLUS: Replacement of your existing boiler** (with same Btu output) if it fails and cannot be repaired.¹

ADDITIONAL COVERAGE

Water Heater Plan

This plan, which can be added to your heating system coverage, includes:

- ❖ a burner tune-up, done in conjunction with your heating system tune-up.
- ❖ coverage for aquastat,² burner parts,³ controls³ and emergency switch.³

Air Conditioning Gold Plan

This plan, at a discounted price when purchased with a heating plan, includes:

- ❖ an annual tune-up, priority service and a 15% discount on repairs.

Terms and Conditions

1. Periodic tune-up will be performed every 800 gallons of usage during the agreement term during regular working hours. Customers should call our service department to schedule an appointment. See tune-up panel for complete details of our comprehensive tune-up.
2. Labor is covered only for the repair and replacement of listed parts and services. All other work will be quoted on a flat rate price.
3. This agreement does not cover parts or labor when failure is due to (but not limited to): lack of oil when delivery has been delayed due to delinquency in payments, or when customer does not receive automatic deliveries; failure of customer to maintain proper boiler water level or pressure; customer leaving emergency switch in "off" position; customer setting thermostat too low to call for heat; electric controls and motor needed for air conditioning, available on a/c service; clock thermostat batteries; tiger loop; piping or wiring not directly related to heating system; customer failing to check for blown fuses or circuit breaker; change in customer oil consumption; air in baseboard heaters or radiators; vacant or unattended premises (where property has been unattended for at least 24 consecutive hours); service required or damage resulting from operation of an attic fan.
4. This agreement does not cover home automation calls, anode rods, mixing valves, domestic hot water coil gaskets, domestic circulators, domestic expansion tanks, electronic air cleaners, air handlers or air handler coils, non-emergency service calls outside of normal working hours, repair or replacement of obsolete parts that are not available through regular sources of supply, removal of any asbestos material, piping or wiring not related to the heating system, or any work that requires us to expose concealed piping, ductwork or oil lines for repair.
5. This agreement does not cover damage caused by power interruptions, strikes, material or labor shortages, acts of God, accidents, fire damage, flooding or other water damage, abuse or misuse of the system, etc., except that which is caused by ordinary wear and tear.
6. This agreement will be void if all fuel oil requirements are not purchased from Swezey Fuel Co., if customer removes himself from automatic delivery status, if customer procures heating equipment service or has equipment installed by anyone other than a Swezey Fuel Co. employee.
7. This agreement does not ensure against fuel storage tank leakage or any damages to persons or to property resulting from tank leakage. This agreement does not cover any installation, cleanup, removal, remediation or other costs of compliance with any laws, rules or regulations regarding fuel storage tanks. Swezey Fuel Co. will not be responsible for any injury or damage resulting from the disposal, discharge, dispersal, release or escape of oil or other petroleum substance into or upon the customer's property, surrounding property, the atmosphere, or any water course or body of water, unless caused by the negligence of Swezey Fuel Co.
8. All equipment replacement allowances in the Boiler Replacement Plan may be applied only toward equipment purchased from and installed by Swezey Fuel Co. We will replace equipment only in cases of leakage due to normal wear and tear. Insufficient hot water is not covered.

(continued on back panel)

1. Valid for boilers up to 20 years old. Inspection required before coverage goes into effect.
2. For both indirect-fired and separate oil-fired water heaters.
3. For separate oil-fired water heaters only.
